Attachments: 5.20.21 Supervisor Solis Call Sheet.docx; Exide Overview 5.13.21.docx

Hi Steve,

The Solis/Regan paper is the only one I've worked on (attached for reference). If you feel it would be helpful, I can remove the Montrose portions and make it Exide only? Attached is also the Exide portion of the briefing package prepared for Janet McCabe on 5/13. Just let me know what you prefer.

Thanks!

Julia

Julia, although there aren't any reps from the Exide area on the committee, I think we should make sure that Barry has the most recent Exide briefing paper.

Do you have the most recent paper? The one that was prepared for the Solis/Regan meeting included Montross. Thanks.

Hi Steve,

Sonam is correct, Exide is located within Rep. Roybal-Allard's district. Please don't hesitate to let me know how I can assist with anything further!

Thanks,

Julia

Hi Steve,

I am out of office, and going on detail to HQ starting Monday. Julia Giarmoleo (who covers congressional in the LA area including Vernon) will be taking over for the next few months and will get back to you on your question. From a quick search I think Vernon is in CA-40 (Lucille Roybal-Allard). Julia can confirm.

Sonam

Sonam, do you know the Congressional Rep that covers the Vernon area where the former Exide plant is located?

Are you also getting this request?

Importance: High

CA BCs – could you please help out with this request (see email string below). In short, do you have any Corrective Action facilities you would recommend to be included on a list being developed by OLEM of facilities for which fact sheets should be included as prep material for Barry Breen, who will be testifying in a budget hearing on the Hill. Please use the criteria described below, and the attached list of Congressional Districts/Representatives? Once the list is finalized, we will get direction re format etc. for fact sheets.

If you could get back to me by noon on Monday.

BTW – this points out that we need to id the congressional districts for the 'hot sites' information collected earlier.

Thank you!

Hi Sonya and Charlotte,

Please see the request below from Melanie Keller. After quickly looking at the list of Members (attached) this morning, there were not any sites in particular that came to mind for us but we would like to discuss in the PIID General today. Thanks!

Best,
Krystal

Subject: NEEDED: SITE-SPECIFIC LIST for HEARING PREP by 6/7 - House T&I hearing -- Barry Breen witness
Importance: High

Priority: 
Deadline: 4pm Monday June 7th

Good afternoon,

As you may have heard, Barry has been selected to testify with an Office of Water representative at a July 14th hearing before the WRE subcommittee of House Transportation & Infrastructure Committee. The topic of the hearing is the FY22 budget. Other federal agencies will also be testifying at this hearing.

In addition to programmatic factsheets (ARMS taking the lead on those, please keep any eye out), we will need to develop a list of site-specific and/or incident factsheets by Member district. I'm attaching the relevant members on the WRE subcommittee of House T&I for your reference. (While T&I generally focus on CERCLA cleanups and Brownfields -- please include items of significance in our other cleanup worlds if this list of Members warrants it)

Please work with your regional counterparts to identify a LIST of factsheet items by Member district (list attached):

- Sites of *significant, recent* (within last year) Congressional interest
- Sites only within the specific Congressional districts identified by Member
- Incidents/responses with *significant, recent* (within last year) Congressional interest within each Member district

NOTE: We are focusing on high-profile items with *significant/notable Congressional interest*. The (future) factsheets will require a "Congressional Interest" section to be fully completed. If you feel like there isn't enough information available to describe the significant Congressional interest, there likely isn't enough to warrant a factsheet to be on this list of sites/incidents.

Please provide the list of site-related and incident factsheets (AGREED UPON BY HQ and REGIONAL OFFICES), broken down by each Member, to me **no later than 4pm on Monday 6/7**. This is just the list for now. We'll run the list by Barry and Carlton and then send a separate request for completion of the factsheets.

Thank you in advance for your work on this effort.

-Melanie

You will be receiving additional requests from me and/or Jen Wilbur or Meridith Sebring for this hearing over the next few weeks. Please note that we are preparing materials on Barry's requested timeline and our deadlines are **FIRM**.
